## ON ENVIRONMENTAL BENEFITS

### FOR 2023

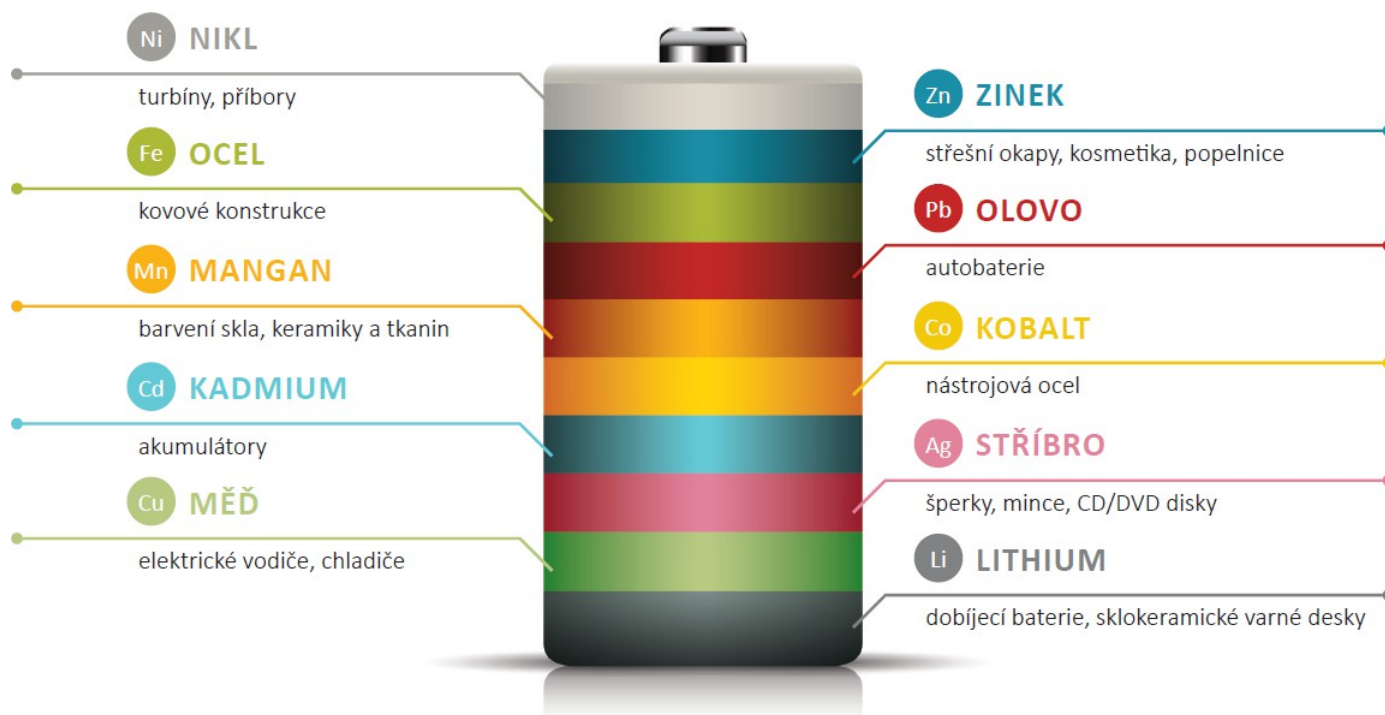

For

EMOS spol. s r.o.

ID: 19 01 41 04

In 2023, the aforementioned contractual partner handed over a total of 1 881 kg of used batteries for take-back and subsequent recycling.

Of this amount, 1,411 kg of metal-bearing secondary raw materials were recovered through recycling and will be reused in the production of new products.

Thank you for helping to save nature and its resources.  
By sorting batteries, you also contribute to cleaner air and better water quality.
